Access to sexual and reproductive health care services including information and education services

Sexual health is a critical aspect of overall well-being, particularly for university students who are at an age where they may experience significant changes in their personal lives, relationships, and sexual health. **Kalasalingam Academy of Research and Education in association with Kalasalingam Medical College and Hospital** is dedicated to creating a safe, supportive, and informed campus environment for all students. By offering free sexual health care services, the university can ensure that students receive the necessary support to make informed decisions about their sexual health and overall well being.

Objectives:

Raise awareness about sexual health, contraception, consent, and sexually transmitted infections (STIs) through educational programs and workshops.

Empower students with accurate information to help them make informed choices about their sexual health, relationships, and personal safety.

Provide free consultations, preventive care, and treatment services for sexual health concerns, including reproductive health, STIs, and mental health related to sexuality.

Access to mental health support for both staff and students

Mental health is a crucial aspect of students' overall well-being, particularly in the university setting, where academic pressures, personal challenges, and transitions into adulthood can create significant stress. Kalasalingam Academy of Research and Education recognizes the importance of providing mental health support for students and is committed to ensuring that they have the resources, guidance, and support systems to thrive both academically and personally.

Measures taken (excluding lectures/talk) to create and awareness – within the Institute on Mental Health and Wellbeing

- Conducting yoga (Certificate Course - Mandatory for all students), pranayama, and meditation classes.
- Involving students in planting trees.
- Mentor - Mentee system for students' wellbeing.
- Students can meet the counselors (medical professionals attached with our KMCH) at any time.
- Student Counseling Cell is present in each and every department – https://drive.google.com/file/d/1otMdMVY25g1-Bb2RkcsyT12lisS-6B3W/view?usp=drive_link
- Protecting mental health through Cultural Events, Indoor & Outdoor sports activities, Swimming, Gymnasiums, Extra-Curricular, Co-curricular activities, Club activities.
- Leisure/Fun activities.
- Conducting Feast for Hostel students every month.
- Programs on Social and Personal Recovery.
- Activity / Game based learning.
- Mental stress management programs.
- <https://kalasalingam.ac.in/internal-complaints-committee/> against Anti-harassment..

- <https://kalasalingam.ac.in/anti-ragging-committee/> - Social security through Anti-Ragging Committee
- To prevent of discrimination - Anti-Discrimination committee <https://kalasalingam.ac.in/anti-discrimination/>
- Organizing District Mental Health Programs through District Mental Health Offices.
- Observed World Mental Health Day 2022 on October 10 to spotlight mental health around the world, raise awareness of mental health issues and encourage efforts to support those experiencing mental health issues.

Activities were conducted to reduce stress level on both students and faculties.

Our university students are engaged in hands-on internships at the following hospitals, which provide them with real-world clinical experience and the opportunity to apply their classroom learning to practical scenarios. Our faculty members are actively collaborating with doctors, specialists, and researchers at our partner hospitals to advance medical knowledge and contribute to the growing body of healthcare research. These partnerships are mainly in the areas including Joint Research Initiatives, Publication of Research Papers, Grant Proposals and Research Funding.

Measures taken (excluding lectures/talk) to create and awareness – social outreach, on Mental Health and Wellbeing

- Awareness Programme among nearby villages on
 - Swachh Bharat Mission
 - Clean and Hygiene
 - Basic mental health literacy
 - Yoga, pranayama, and meditation for physical and mental health
 - Stress management
 - Tree plantation

Dr Shwetal Mehta, Deputy Director and Preclinical Core Leader, Ivy Brain Tumor Center, Barrow Neurological Institute, United States of America, lectured about women who laid milestones in Science and Technology with reference to the primordial norms of the society. Dr Shwetal reached out to the audience sensationally by sharing her career story and describing the nature of her supervisor. She pointed out the hindrances and nuances for flourishing in the field of science. She briefed out her opinion and perspective in the career path aligned with Research and Development. She rightly portrayed certain realistic scenarios and cracked them into pieces explaining each and every scheme for a woman to pursue research. With the right support systems in place, women can overcome challenges and achieve their goals in scientific fields. By promoting diversity, equity, and inclusion, we can create a more supportive and inclusive environment for women in science. As a whole the talk provided an edge as a guideline for women willing to have a career in Science and Technology.

YOGASANA Competition

The Youth Red Cross (YRC) of Kalasalingam Academy of Research and Education (KARE), in collaboration with the Department of Yoga, successfully organized the “YOGASANA Competition 2025” on April 5, 2025. The primary objective of the event was to promote physical fitness, mental well-being, and mindfulness among students through the practice of Yogasana. The competition saw enthusiastic participation from students across various departments. On the day of the event, participants performed a wide variety of Yogasanas with grace, flexibility, and discipline. The event provided a meaningful platform for students to demonstrate not only their physical abilities but also their mental focus, emotional balance, and overall wellness. Active participation from both male and female students highlighted the values of inclusivity and gender equality.

The winners of the events are as follows:

Boys:

Cash Prize:

1st Place - Yogeswaran K (9921008103)

2nd Place - Guru Prasad (99240040049)

Shield:

1 st Place – Rithik D (9924009015)

2 nd Place – Shankar R (99240040169)

3 rd Place – Badabagni Santhosh Raju (99240040386)

Girls:

Cash Prize:

1st Place: Shalini K (9924020023)

Shield Prize:

1 st Place: Shalini S (9924005169)

2 nd Place: Yatham Likhitha (99240040729)

3 rd Place: Krishna Priya (99240040584)

To recognize excellence, winners were awarded with shields and cash prizes, appreciating

their dedication, skill, and performance.

2. Sustainably farmed food on campus

Kalasalingam Academy of Research and Education (KARE) promotes sustainable production of food through cultivation of various agricultural and horticultural crops. The attainment of sustainable food production in KARE has been achieved with the availability of instructional farm land at university campus including crop cafeteria, Alagapuri farm and Gopinayakkanpatty farm with an area of 58 acres, 62 acres, and 220 Acres {(50 acres under cultivation) and (45 acres- second phase of land preparation)}, respectively. These farm lands are dedicated to students taking life exploration, hands-on training and development courses within the General

Education program. The harvested farm produce was sold to the university workers and local people through a sales counter at subsidized price in the university premises.

Details of Farm land allotment in Campus farm

S. No.	Details	Area (acres)
1	Crop Cafeteria & ELP	6
2	Wetland	6
3	Pulses	3
4	Cereals and millets	10
5	Oil seeds	6
6	Fiber crops	3
7	Tuber crops	3
8	Medicinal plant and wood land	2
9	Vegetable crops	3
10	Faculty Research plot	3
11.	Forestry land	3
12.	Students plot	2
13.	Fodder crops	2
14	Dry land	5
	Total	58

List of crops cultivated in Alagapuri Farm:

S. No.	Details	Crops
1	Wetland	Paddy, banana, pulses and green manures
