

## **THE - Impact Rankings 2026**

Strengthen the means of implementation and revitalise the Global Partnership for Sustainable Development

### 17.2.3 International collaboration data gathering for SDG

International Relations Website: https://kalasalingam.ac.in/international-relations/

Kalasalingam Academy of Research and Education (KARE) actively engages in international collaborations to support data-driven research and initiatives aligned with the United Nations Sustainable Development Goals (SDGs). Through strategic partnerships with global universities, research institutions, and international organizations, the university contributes to the collection, analysis, and dissemination of high-quality data relevant to sustainable development.

#### Purpose of the Initiative

The primary goal of these collaborations is to strengthen evidence-based decision-making at regional, national, and global levels. By working with international partners, KARE enhances its capacity to develop impactful research outcomes that directly address global sustainability challenges.

#### **Key Activities**

KARE undertakes a wide range of activities that promote international cooperation in data gathering for SDGs:

- Joint Research Projects: Collaborative studies with global institutions addressing themes such as environment, renewable energy, poverty reduction, healthcare innovation, inclusive education, and climate resilience.
- Data Collection and Field Studies: Students, scholars, and faculty work alongside international partners to collect field data, conduct surveys, and develop case studies that support SDG indicators.
- Workshops, Seminars, and Conferences: The university hosts and participates in global knowledge-exchange events that focus on SDG progress, data analytics, sustainability metrics, and global challenges.

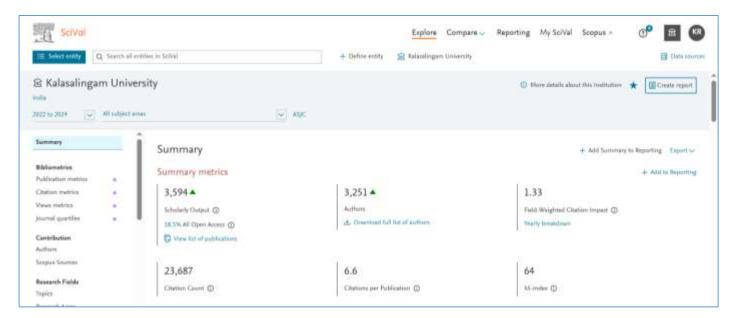

• Technology-Enabled Data Sharing: Digital platforms, cloud-based research tools, and virtual collaboration environments allow seamless sharing of datasets, research findings, and analytical models with international collaborators.

## **Outcomes and Impact**

- Enhanced global visibility of research conducted at KARE
- Improved institutional capabilities in data science, analytics, and sustainability research
- Academic exposure and global learning opportunities for students and faculty
- Development of datasets that support government, NGOs, and policy makers
- Contribution to SDG-aligned initiatives such as climate action, clean water, quality education, and sustainable communities
- Strengthened international research networks and interdisciplinary collaboration

### Publication Details in 2022-2024 (Source: Scival)

Kalasalingam Academy of Research and Education (KARE) has demonstrated consistent research growth during the period **2022–2024**, with increasing publication output, enhanced research visibility, and improved global collaborations. Insights derived from **SciVal** highlight strong performance in high-impact journals, citation metrics, collaboration indices, and SDG-aligned research.

## **Top Countries/Regions Collaborated with KARE in Publications**

Period: 2020-2024

(Report generated through SciVal)

Kalasalingam Academy of Research and Education (KARE) has established strong global research partnerships, reflected in its publication collaborations across multiple countries from 2020 to 2024. The top collaborating countries/regions are listed below:

Countries/	Public	Countries/	Public	Countries/	Public	Countries/	Public
Regions	ations	Regions	ations	Regions	ations	Regions	ations
India	3593	Oman	17	Romania	4	New Zealand	2

Total Publications: 3594 Nos.

## **Publication share by Subject Area**

Period: 2020–2024 (Source: SciVal)

Kalasalingam Academy of Research and Education (KARE) has demonstrated strong multidisciplinary research contributions from 2020 to 2024. The publication output spans major subject areas, with the highest share in Engineering, Computer Science, and Materials Science.

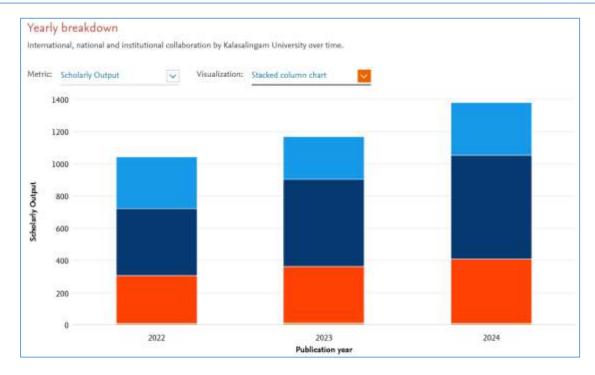

#### Number of Research Articles with National / International Collaborations

Kalasalingam Academy of Research and Education (KARE) has consistently promoted collaborative research with leading national and international institutions. Collaborative publications significantly enhance research quality, visibility, and global relevance.

Geograp	hical collaboration					
Overall					Metric guidance	+ Add to Reporting Export >
riternational, r	ational and institutional collaboration by Kalasalingan	n University in the sele	cted year range.			
		Publication				
	Metric	share	Scholarly Output	Citations	Citations per Publication	Field-Weighted Citation Impact
	<ul> <li>International collaboration</li> </ul>	25,5%	918	10,429	11.4	1.51
	<ul> <li>Only national collaboration</li> </ul>	44.6%	1,603	8,521	5.3	1.46
	<ul> <li>Only institutional collaboration</li> </ul>	29.2%	1,050	4,695	4.5	1.00
	Single authorship (no collaboration)	0.696	.23	42	1.8	0.43

Total	1,044	1,169	1,381	3,594

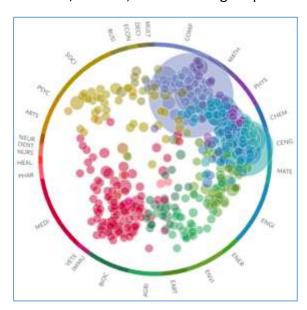

## **Countries of International Collaborators and Publication Count**

Kalasalingam Academy of Research and Education (KARE) has established strong global research linkages with leading universities and research institutions across multiple countries. The table below provides the approximate number of collaborative publications with each country during 2020–2024.

## <u>Publication Topics and Topic Clusters with international collaboration</u>

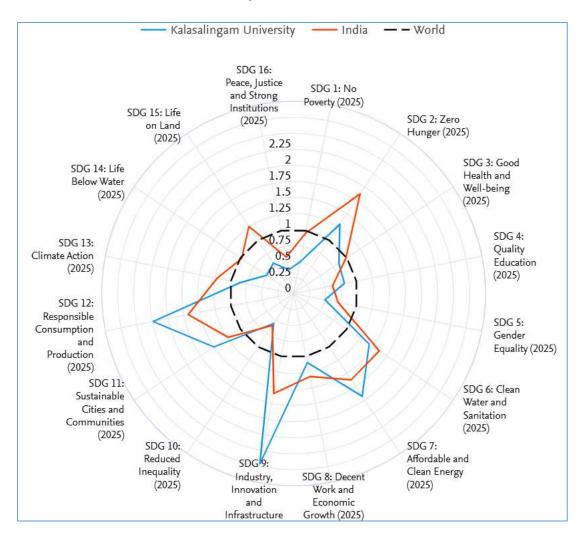

Kalasalingam Academy of Research and Education (KARE) has actively collaborated with global researchers across diverse thematic areas. Publications from 2020–2024 show strong international co-authorship in several high-impact research clusters aligned with emerging scientific, societal, and technological priorities.

### Relative Activity (Relative Activity Index - RAI)

The Relative Activity Index (RAI) measures the research focus of an institution on a specific Sustainable Development Goal (SDG) compared to the global research focus on the same SDG. It reflects whether an institution is producing *more*, *less*, or *equal* research intensity in an SDG relative to the worldwide research activity in that area.

## **Top 10 Funding Bodies by Linked Publications**

(Based on Authors Affiliated with Kalasalingam Academy of Research and Education – SciVal Methodology)

The "Funding Bodies by Linked Publications" metric identifies which national and international funding agencies have supported research carried out by authors affiliated with Kalasalingam Academy of Research and Education (KARE). SciVal calculates this by examining the acknowledgments section of Scopus-indexed publications where authors have explicitly credited funding support.

This analysis highlights the research visibility, funding diversity, and global engagement of KARE's research ecosystem.

Based on: 180 top-level Funding Bodies, 518 publications (14.4%) linked

Funding Body	Country/region	Linked Publications
Department of Science and Technology, Ministry of Science and Technology, India	India	100
King Saud University	Saudi Arabia	70
Ministry of Science and ICT, South Korea	South Korea	36
National Research Foundation of Korea	South Korea	36
Ministry of Education, India	India	35

UK Research and Innovation	United Kingdom	26
Council of Scientific and Industrial Research, India	India	23
National Research Centre	Egypt	23
King Mongkut's University of Technology North Bangkok	Thailand	22

## KARE's Collaboration with International University/Institution (2023-2024)

During the academic year 2023–2024, Kalasalingam Academy of Research and Education (KARE) significantly strengthened its global presence through active collaborations with several international universities, research institutes, and global organizations. These partnerships aim to promote academic excellence, faculty development, student mobility, joint research, and global exposure aligned with international standards.

## MoU's signed between KARE & International Institutions

Kalasalingam Academy of Research and Education (KARE) has established strong global partnerships by signing Memoranda of Understanding (MoUs) with several renowned international universities, research institutes, and global organizations. These MoUs are aimed at enhancing academic excellence, promoting joint research, enabling student and faculty mobility, and fostering collaborative innovation.

## **International Faculties Visited KARE (23-24)**

During the academic year 2023–2024, Kalasalingam Academy of Research and Education (KARE) welcomed several international faculty members from globally reputed universities and research institutions. Their visits strengthened academic collaboration, enriched student learning, and supported the university's vision of global engagement.

## KARE students in Semester Exchange / Internship / 2+2 Program at Foreign Universities

Kalasalingam Academy of Research and Education (KARE) actively encourages global learning through its international mobility initiatives, enabling students to gain academic, research, and cultural exposure in reputed foreign universities. Through structured Semester Exchange Programs, International Internships, and the 2+2 Dual Degree Program, KARE students continue to participate in transformative global education experiences.

# KALASALINGAM ACADEMY OF RESEARCH AND EDUCATION (DEEMED TO BE UNIVERSITY)

## **International Experts Visited KARE**

During the academic year 2023–2024, Kalasalingam Academy of Research and Education (KARE) hosted several international experts, including professors, researchers, industry professionals, and innovation leaders. Their visits contributed to collaborative research, curriculum enhancement, faculty development, and global networking. These visits strengthened KARE's internationalization efforts and enriched students' exposure to global knowledge systems.

## KALASALINGA

One credit course by International Expert in KARE campus

### KARE Faculties participating International Conferences at Foreign Universities

Kalasalingam Academy of Research and Education (KARE) actively promotes global academic engagement by encouraging its faculty members to participate in international conferences, symposiums, workshops, and academic forums hosted by reputed foreign universities and research institutes. These international participations strengthen KARE's academic footprint, enhance collaborative research opportunities, and foster global networking.

## Sample Report 1:

Report on the attending the International Conference on Innovation, Sustainability and Applied Sciences (ICISAS 2023), Organized by Curtin University Dubai, Dubai International Academic City, UAE, 9-10 December 2023

Paper Title: Estimation of Bone Degeneration and Porosity Using T-Score from DXA Images for Osteoporotic Patient Classification and Therapy Ideation

**Authors:** Kottaimalai Ramaraj, Pallikonda Rajasekaran Murugan, Vishnuvarthanan Govindaraj, Arunprasath Thiyagarajan, Sheik Abdullah S, Rajesh K

Date of the Presentation: 10.12.2023 - AN session - 2.00 pm to 3.30 pm

We showcased a research outcome from our DST-funded project titled "Non-invasive Sonometer along with clinically practiced DEXA images for estimating bone mineral density for Osteoporosis detection in elderly women" with DST Reference Number: DST/TDP/BDTD/28/2021(G).

Dr. S. Kottaimalai, our Research Associate and current faculty member at Kalasalingam Academy of Research and Education, delivered a paper titled "Estimation of Bone Degeneration and Porosity Using T-Score from DXA Images for Osteoporotic Patient Classification and Therapy Ideation" at the conference. The presentation received acclaim from experts and was honored with the Best Presenter Award.

#### Certificate received for Best Presenter Award during the conference

Shield received for Best Presenter Award during the conference

## Report 2:

Report on participation in the International Conference on Advanced Technology (ICAT 2024), focusing on the theme "Applications of AI and Cyber Solutions for Sustainability in Engineering and Healthcare," hosted by the National University of Science and Technology, Sultanate of Oman, from April 30th to May 1st, 2024.

During ICAT 2024, Dr. M. Pallikonda Rajasekaran, Professor & Director of R&D at Kalasalingam Academy of Research and Education, served as a session chair.

The conference featured the presentation of six research papers authored by different individuals:

Paper Title 1: "Innovative Smart Power-Sharing System Prototype Using Wireless Networks and Green Energy for Dormant Domestic Consumers"

Authors: Rajesh Krishnasamy, Pallikonda Rajasekaran Murugan, Kottaimalai Ramaraj, Arunprasath Thiyagarajan, Vishnuvarthanan Govindaraj, Muthangi Kantha Reddy, and Jenitha Rajadurai

Paper Title 2: "Machine Learning Techniques for Identification and Classification of Medicinal Plants: A Performance Comparison"

Authors: Ramalakshmi R, Kottaimalai Ramaraj, Amarapuram Abhinav, Kanumuri Chandini, Pothanaboina Shanmuki, and Siddharth Reddy M

Paper Title 3: "Smart Environmental Water Monitoring and Assessment Technologies using IoT"

Authors: Perumal B, Pallikonda Rajasekaran Murugan, Kottaimalai Ramaraj, Arunprasath Thiyagarajan, and Muthangi Kantha Reddy

Paper Title 4: "A Comparative Study Analysis of AI Algorithm Approaches for Diagnosing Autism Spectrum Disorder Using Structural MRI Data"

Authors: Krishnamoorthy V, Arunprasath Thiyagarajan, Pallikonda Rajasekaran Murugan, Kottaimalai Ramaraj, Vishnuvarthanan Govindaraj, and Muthangi Kantha Reddy

Paper Title 5: "Weighted Fuzzy C-means and Artificial Bee Colony Optimization for segmenting low reduced BMD region in DEXA images for earlier identification of Osteoporosis" Authors: Kottaimalai Ramaraj, Pallikonda Rajasekaran Murugan, Arunprasath Thiyagarajan, Vishnuvarthanan Govindaraj, and Muthangi Kantha Reddy

Paper Title 6: "Reduction of Noise in Multimodal Brain Images Using Adaptive Filtering Techniques"

Authors: Thenmoezhi N, Perumal B, Lakshmi A, Pallikonda Rajasekaran Murugan, Kottaimalai Ramaraj, Arunprasath Thiyagarajan, and Muthangi Kantha Reddy

The presentations were scheduled as follows:

Date: April 30th, 2024

FN Session: 11:00 am – 12:30 pm (2 Papers) AN Session: 2:00 pm – 5:30 pm (2 Papers)

Date: May 1st, 2024

FN Session: 11:00 am – 12:30 pm (1 Paper) AN Session: 2:00 pm – 4:30 pm (1 Paper)

Dr.M.Pallikonda Rajasekaran, Director R&D acted as a Session Chair paper during the conference ICAT 2024

Dr.R.Kottaimalai, Associate Professor, ECE, Presented the paper during the conference ICAT 2024

Dr.K.Rajesh, Associate Professor, ECE, Presented the paper during the conference ICAT 2024

Dr.T.Arunprasath, Associate Professor & Head, BME, Presented the paper during the conference ICAT 2024

Dr.B.Perumal, Associate Professor/ECE, Presented the paper during the conference ICAT 2024

Throughout the conference, we engaged with numerous professors and industry professionals, exploring potential collaborative opportunities. Below are the details for your reference

S.No	Name of the Professor	Name of the University/Country	Discission related to collaboration	
1.	Dr Sundaravadivazhagn Balasubaramanian,	UTAS, Oman	Expert in cyber-Security  — Invited him for our conference	
2.	Dr Muhammad Attique Khan	HITEC, Pakistan	-	
3.	Prof. Shantha Kumari SRM University, India Dr Senthil Ramadoss Majan College of Engineering, Oman		Discussed with them regarding MoU with their institution	
4.				
5.	Dr Muthukumar Ka	Keio University, Japan	1 (2)	
6.	Prof Kamran	Shiraz University Technology, Iran		
7.	Prof Dr T Sasilatha	AMET University, India	Expert in Networking – Invited for our conference	
8.	Prof Dr. Chithirai Pon Selvan	Curtin University, Dubai	Invited for our Conference in August, 2024	
9.	Mr. Khalid Said Al-Wahaibi	Vice President QHSSE OQGN, Oman	Invited for our Conference in August, 2024	
10.	Dr Nasser Mohammed Al- Fannah	Director of Technology Programs, Ministry of Transport, Communications and Information Technology, Sultanate of Oman	Invited for our Conference in August, 2024	

1st International Conference on Advanced Technology - (ICAT 2024)

## CERTIFICATE OF PARTICIPATION

This is to certify that

## Dr. Kottaimalai Ramaraj

Kalasalingam Academy of Research and Education, India.

has actively participated and presented the paper titled:

Machine Learning Techniques for Identification and Classification of Medicinal Plants: A Performance Comparison

in the conference organized by the National University of Science and Technology, Oman on 30th April - May 1st 2024.
