THE - Impact Rankings 2026

6 CLEAN WATER
AND SANITATION

Ensure availability and sustainable
management of water and sanitation for all

6.3.1 Waste Water Treatment

Two high-tech sewage treatment plants with the capacity of 800kld are functioning on the campus to recycle the used water from various hostels, main blocks and canteens. The recycled water is used to maintain the green ambience of the campus and also to irrigate the coconut grove. The sewage treatment plant confirms to Pollution Control Board norms and enormously helps to protect the environment. The treated water is recycled for garden purpose and flushing the toilets.
